

FOR IMMEDIATE RELEASE

FLORATERRA LANDSCAPE MANAGEMENT WELCOMES NEW SENIOR ACCOUNT MANAGER TO LOCAL SAN JOSE BRANCH IN SILICON VALLEY

Brandon Young Joins San Francisco Bay Area Landscape Management Company

San Jose, CA - January, 2012 FloraTerra, a California based landscape management company, has announced the promotion of Brandon Young as their Senior Portfolio Account Manager in their South Bay Branch. Young has over 22 Years' experience in the Landscape Green Industry, beginning his landscape career in 1990 at California-Polytechnic State University, San Luis Obispo with a degree in Forestry and Natural Resources Management.

Mr. Young has previously worked at Cagwin In Dorward as Special Landscape Projects Manager and Account Manager for 8 Years, designing and managing Small to Medium sized projects, also assisting clients with budgetary information. At the beginning of his career, Brandon started with Rock and Rose Landscaping, San Francisco CA in early 2000, managing their landscape maintenance department.

"I am delighted to have Brandon join our team says Ebertowski, he definitely brings an amazing amount of talent to our operations with his diverse academic back ground, landscape design expertise, landscape project management and horticulture expertise.. Brandon is also passionate about Tree Care; he is in the process of becoming an ISA Certified Arborist to assist with our New Tree Care Department."

"I've been observing the growth and development of FloraTerra for some time prior to joining the advanced dynamic company says Young, I see a real opportunity to expand my career path here, it's a real supportive environment with lots of resources at my fingertips". Currently I am assisting with the expansion and promotion of smart water technology, eco-friendly water conservation designs, Tree Management and Plant Health Care for our diverse client base."

FloraTerra now operates from five Regional California service locations including San Jose (corporate headquarters), Mountain View, Fremont, Redwood City and The South Bay. Clients include commercial real estate and property management companies, corporations, Home Owners Associations, Community Management Companies, Apartment Communities, Hospitals and Medical Office Centers, Hotels, Office Parks, Retail Shopping Centers, municipalities and government agencies.

Serving Northern California, FloraTerra provides an array of Comprehensive Landscape services including Landscape maintenance, Planting, Irrigation Installation and repairs, Water Management, Smart Watering Systems, Tree pruning, tree and stump removal, plant health care, and budgetary management plans.

FloraTerra utilizes a fleet of modern fuel efficient equipment, 24-hour emergency service and customer service representatives who are [horticulturists](#), [Certified Water management specialists](#) and [certified arborists](#) with over 100 years of combined experience.

FloraTerra Landscape Management is a fully licensed and bonded company operating throughout the Greater Bay Area, providing a full array of cutting edge landscape services.
